

INSTALLATION INSTRUCTIONS

Model: TVP31100-152-TA-4.2A-BK/GR/SA/WH

Rating: AC 125V 60Hz 15A with 1000 joules surge protection

Output: Three 125V AC power outlets, 5V DC 4.2A USB charger with 2 charging ports

CAUTION:

To prevent the risk of fire and electric shock, please be sure to read all instructions before installing or using this unit.

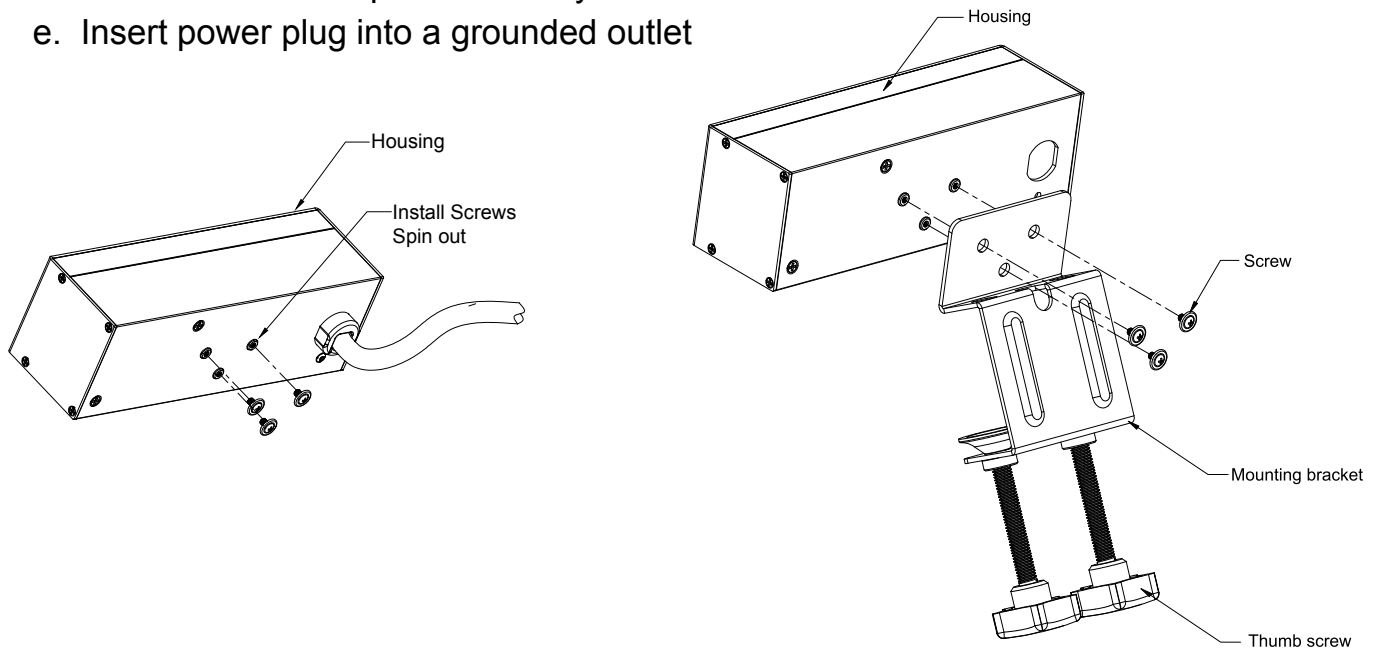

WARNING:

To reduce the risk of fire, electric shock or injury to persons:

- For indoor use only
- Do not use with extension cords
- Do not plug a device or devices into receptacles that exceed a total of 15A (1800 watts)
- Do not open or attempt to open unit for any reason

INSTALLATION:

- Remove three Phillips screws on the back of the main unit
- Attach mounting bracket to the main unit using the screws from previous step
- Open the clamp on the bracket by turning the thumb screws counterclockwise
- Slide the clamp onto the edge of mounting surface and turn the thumb screws clockwise until the product is fully secured to it
- Insert power plug into a grounded outlet

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio and television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
